THOUSANDS of grasses ready for planting this spring

AFTER ONE OF THE BUSIEST PERIODS THE NURSERY HAS EVER SEEN we had been getting short of stock with availability of some lines looking a little on the thin side....

THE GOOD NEWS is that we have now also potted the largest number of plants we have ever achieved this early in the season!

Several thousand *Anemanthele lessoniana*, *Miscanthus Starlight*, *Pennisetum Fairy Tails* and *Deschampsia Goldtau* for example should be ready (we hope) in a few weeks time. Watch this space.

Above and left: The native tufted hair grass, *Deschampsia cespitosa*. Glorious in a natural setting or border.

Right: *Pennisetum Hameln*.
Below right: *Elymus magellanicus*.
Below left: *Acorus Ogon*

Immediately we do have good stock of many lines including several hundred well established plants each of:

DESCHAMPSIA CESPITOSA (2 litre @ 2.95ea). This tough native excels at providing froth and effervescence on its own, in drifts or amongst other plants.

ELYMUS MAGELLANICUS (2 litre @ 3.25ea) - renowned for its steely blue foliage.

PENNISETUM HAMELN (2 litre @ 2.95ea).

Still one of the most reliable fountain grasses, providing distinct mounds of green foliage long before it is covered by masses of flower.

ACORUS OGON (2litre @ 2.95 ea). A slow growing but very tough evergreen that tolerates shade as well as sun and some moisture.

View the gardens - visit our sales area

We'd love to extend free entry to you, your guest and any prospective clients. Call us on 01202 873931 or email enquiries@knollgardens.co.uk to let us know your plans in advance.

The gardens open from Tuesday to Saturday, 10am – 4pm. You'll find directions on our website, www.knollgardens.co.uk

Trade customers are also welcome to visit the sales area to select from the available plants during opening hours where a straight 30% discount will be applied to the marked retail prices on the plants you have chosen. As we are unable to offer cash and carry facilities, for more specific requirements or larger numbers please email or call us to check current availability.

Practical reference book

A genuinely practical reference book, and full of Neil's own colour photographs, you can buy *Designing with Grasses* online for just £15 plus P&P.

Neil will happily add a personal inscription for you before it's sent out - just pop your request in the special instructions box when you order online. Just go to the home page and follow the link.

OUR TRADE LIST MAKES ORDERING EASY!

At www.knollgardens.co.uk/tradelist you will find our:

- current availability for each plant
- monthly list of special interest plants
- full open ground range
- AND a full listing of all our grasses and perennials.

We even include suggested planting densities.

Alternatively please email us at: enquiries@knollgardens.co.uk with your list and specific requirements.

Did you know?

In addition to our trade list we are able to grow to order and offer our trade scheme members specialist advice on specific projects?

As the leading national specialist our customers range from small, private individuals to royalty, and from town parks to national botanics.

And remember - we don't just sell plants!

If you need advice on a specific project, or just grasses in general email Neil at: mrgrass@knollgardens.co.uk

For inspiration try our catalogue or order Neil's book, *Designing with Grasses*.

Our catalogue is available free-of-charge to trade customers. Simply drop us an email with your full postal address and we'll send one off to you.

Whatever your ideas, whatever your project, we'd like to help.

We can offer ideas, practical advice and the best range of grasses in the UK, either from stock or grown to order.

Better still we can provide expertise which is second to none.

Put us to the test, call us on 01202 873931, or email enquiries@knollgardens.co.uk.
